DEDICATION

MR. ROBERT NATTI

We, the class of 1967, wish to dedicate our *Flicker* to Mr. Robert Natti. We congratulate him on his first year as principal of Gloucester High School and thank him for the many years that he has served us as a guidance counselor. We hope that future students will give him the respect and affection he merits. Mr. Natti has done much to enrich our final year at Gloucester High School. We feel sincerely privileged to be the first senior class under his leadership.

APPRECIATION

MR. HAROLD B. GEARY

This year Mr. Harold B. Geary completes his forty-third and final year at Gloucester High School. Mr. Geary has prepared many students for work as skilled craftsmen after high school graduation. The class of 1967 wishes to extend to Mr. Geary its appreciation for his dedication and service, and its best wishes for a pleasant retirement.

Mr. Geary and Mr. Carter look at plans for new addition.

FLICKER EDITOR AND ADVISOR

Mr. Sutera and Leslie working on the 1967 *Flicker*.

Many people helped in the preparation of the 1967 *Flicker*. I should like to thank all of those who assisted me in any way:

Mr. Sutera for all his help;

Mr. Korobkin for his efficient business management;

Mr. Flora and all the excellent photographers from Loring Studios;

Mr. Vail for packing the copy shipments;

Mr. Rowan for his advice;

The Gloucester Daily Times for pictures loaned;

Mr. Vaitones for his valued assistance and fine typists;

And all of the faithful members of my staff who have worked so hard.

Leslie Lantz Roberts

Leslie Lantz Roberts
Editor-in-Chief

Mr. Korobkin and Ann Lima handle the financial end of the *Flicker*.

His vision, his strength, his courage, came from his own spirit. A man's spirit, however, is his self. That entity which is his consciousness. To think, to feel, to judge, to act are functions of the ego.

GLOUCESTER, MASSACHUSETTS
OFFICE OF THE SUPERINTENDENT

January 13, 1967

To the Members of the Class of 1967:

CONGRATULATIONS!

You have now reached a very important point in your preparation for living. From here your paths will differ. Some of you will continue on to formal higher education; others will seek avenues of full-time employment.

No matter where your path leads, you must keep in mind that your high school course has been simply preparatory. You cannot stop learning if you are to be successful.

I hope that your high school years have been pleasant as well as profitable. You are now becoming part of the tradition of Gloucester High School. Let the School be proud that it has had a part in your future.

Sincerely,

J. Stanley Thompson

TO THE CLASS OF 1967

It is a pleasure to have the class of 1967 as my first graduating class after assuming the duties of principal.

Gloucester is fortunate to have in this graduating class such a fine group of young men and women to represent our community in higher education, industry, business, and the armed services.

I hope that your stay with us has been meaningful, your studies fruitful, your friendships lasting, and that your stay at Gloucester High School will always be a pleasant memory.

My best wishes go with you always.

Robert H. Natti
Robert H. Natti, Principal

MISS OLIVE HODGKINS, Mr. Natti's capable secretary.

MR. ROBERT KARCHER, VICE-PRINCIPAL

MR. ROBERT KARCHER

To the graduating class of 1967:

I wish to extend to you my congratulations upon your having been graduated from Gloucester High School. I hope that your educational needs have been fulfilled during your stay with us, and that with the knowledge gained you will find success in your future endeavors. I wish each of you happiness for the future.

ROBERT KARCHER
Vice-principal

MISS GAYE CURCURU is a secretary in the main office.

MISS CATHERINE McEACHERN works hard as Mr. Karcher's secretary.

GUIDANCE COUNSELORS

Miss Ruth Marshall's valuable assistance is appreciated by many students whom she has assisted in making application for colleges and in finding employment. Miss Marshall also helps students in selecting their high school courses.

MISS RUTH MARSHALL

MR. LEON SPRAGUE

Mr. Leon Sprague is always ready to assist a student in choosing a course or selecting a college. Mr. Sprague has helped many appreciative students in obtaining jobs and in completing college admission requirements.

MISS MARY DEWOLFE, secretary in the guidance department

FLOORMASTERS

MR. J. VINCENT ELMER

In addition to being a proficient Latin instructor, Mr. Elmer also has the responsibility of being the second-floor supervisor. To succeed in both of these positions requires both understanding and patience.

Because of Mr. Elmer's obvious possession of these qualities, along with his sense of humor, he has won the respect and honor of the students of G.H.S.

MR. VERNON C. HOOPER

Mr. Hooper serves both as third-floor floormaster and as a teacher of mechanical drawing.

It is his duty to see that all matters on the third-floor run smoothly. Under his supervision are such matters as tardiness, absence and discipline of students on the third floor. Mr. Hooper is also in charge of the busing of Essex students.

All G.H.S. students will fondly remember their days spent on the third floor with Mr. Hooper.

MR. RICHARD C. BERGERON

Mr. Bergeron's duty is to maintain order on the first floor. Among Mr. Bergeron's responsibilities are recording absences and tardiness and discipline of first floor students. Mr. Bergeron is a busy man, yet has time to take our interests seriously. Mr. Bergeron is also an English teacher.

THEY SERVE US

Our Cafeteria Staff

Miss Helen W. Morton is the dietician in charge of our cafeteria. Planning our meals and seeing that the cafeteria runs smoothly are among her tasks. Keeping the students of Gloucester healthy is certainly a full time job.

Mrs. Olson our school nurse, whose doors are always open to the ill students at G.H.S., alleviates our minor aches, pains, and complaints, dispenses sympathy, and is able to assist us in any emergency. We should like to thank her for her service to us.

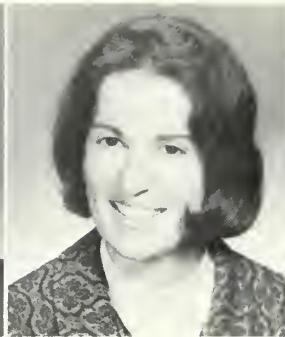

Without the help of the vast world of literature and reference material available in the Ernest W. Fellows Library, the class of 1967 would have had a difficult time indeed completing four successful years of high school. For the great variety of material offered, and most especially for the cheerful efficient assistance given us by our school librarian, Miss Dorothy Londergon, we seniors will be forever grateful.

MILITARY DEPARTMENT

Headed by Major Frank T. Chance, the Military Department supervises all instruction and activities of the R.O.T.C. Brigade. All sophomore, junior, and senior boys must participate in military drill held every Tuesday and Thursday. In addition, they receive instruction in the basics of military history, policy, organization, and training. The Band, Grenadiers, Girl's Drill Team, and the Boy's and Girl's Rifle Teams are all supervised by members of the department.

VOCATIONAL SCHOOL

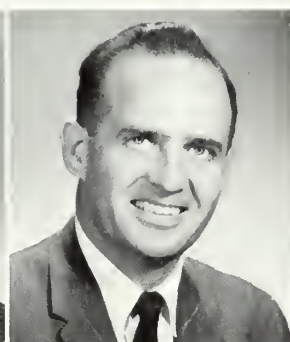

Founded in 1940, the Gloucester Vocational School, presently under the direction of Mr. Harold B. Geary, has been striving to offer the best vocational training possible to the boys of Gloucester High School. Its program includes instruction in areas of Automotive Repair, Carpentry, Fishing and Marine Technology, Machines, and Printing. In order to keep up with the need for vocational training, the physical structure of the school is being changed by the addition being made to house a larger automotive shop, a new fisheries shop, and the administrative office.

Miss Maryellen Flanagan instructs the freshman and sophomore girls who are required to take gym; Mr. Robert Delisle teaches freshman boys. The Boys' and Girls' Leaders Club are sponsored by our physical education instructors as are the intramural sports.

HOME ECONOMICS DEPARTMENT

The Home Economics Department provides a comprehensive program in homemaking, wardrobe planning, principles of nutrition, and family living. Its purpose is to offer enriching experiences that will help to prepare the teenager for womanhood.

The subject matter is presented from the standpoint of the girl's interest in improving her personal appearance, developing skills in sewing, planning correct diets, and gaining a perspective on life's adjustments.

THE 1966

This year the Gloucester High School Fishermen made a fine comeback over last year's record and provided hundreds of enthusiastic fans with many thrilling games.

Gloucester lost Friday's opener with Swampscott in the air. The Fishermen couldn't stop the Sculpin passing attack that clicked for three touchdowns nor could Gloucester do much passing of its own. But a determination to gain victory was still in the eyes of Gloucester's Fighting Fishermen, and though losing to Newburyport 24-6, Gloucester may have laid the foundation for a winning team in the future.

Coach John Furey's scrappy Fishermen moved the ball well against the Clipper Veterans in the first half of the Newburyport game.

Marblehead used a double-edged sword to execute Gloucester 27-6 on a sultry Saturday afternoon at Spanish War Veterans Field. Joe Chianciola passed down to the Marblehead 12, before Marblehead caught up with him. The play began with quarterback Jim Goodhue passing to end, Pete Natti, who lateralled to Chianciola. Covering 45 yards, the razzle dazzle maneuver set up the Fishermen's lone TD.

In the fourth game of the year, Gloucester took the first step on the long road back to football glory by whipping Woburn 22-14. This great victory was a real morale booster for Gloucester.

This was evident with the 54th meeting between Beverly and Gloucester, traditional rivals, ending in a thrilling 6-6 tie. Outstanding on defense all afternoon, Gloucester's Wayne Jackson broke through to dump Beverly for a

FISHERMEN

three yard loss. Jackson was also a key man in pass defense which limited Beverly to four completions in 15 tries.

The fighting Red and White kept Gloucester scoring high against Peabody 12-6. Gloucester's winning touchdown came on the pass to Don Riley which Jim Goodhue slipped between the Peabody defense. Riley continued into end zone to complete the 34 yard play with teammate Jack Palazzola rushing in to help block. Riley set up the score with an interception.

With more determination than ever, the Fishermen plunged forward. Leading the Fishermen in rushing, Co-captain Joe Chiancola picked up 57 yards in 16 carries against Amesbury Saturday. He also accounted for the G.H.S. score in the 8-0 win, the first touchdown of his career.

A struggle between G.H.S. and Winthrop ended in a very close victory for Gloucester High. Scoring only after the first half had ended, Gloucester nipped Winthrop 8-6 before a Veterans Day crowd estimated at 3,100. The Fishermen pushed Winthrop all over the muddy field of Newell Stadium.

Gloucester is known for its good sportsmanship, strong determination and drive and also for its excellent coaching; but not even a return to the single wing could prevent Gloucester from losing 36-6 to Danvers before a standing crowd at Dr. Deering Field on Thanksgiving Day.

It is the unforgettable strength of character our boys possessed that made our team so great. Their sweat, tears, scars of courage, and thrilling victories surely made our G.H.S. football team truly a team to be proud of!

School spirit begins with sports! And the Gloucester High School cheerleaders have contributed greatly to the spirit at all football games and pep rallies during the past year. Using new techniques in cheerleading, the Fishermen cheerleaders have boosted team participation and student body interest at all sport activities. Even when the team's spirits were low, the cheering squad bounced up to put new spark into the game.

Fresh new uniforms were added in the traditional style, with red and white pom-pom shakers.

All through the year they have given their time and stamina to promote the loyalty which Gloucester High students have for their school.

A GREAT SEASON

After many hours spent at practice and with the able guidance of their coach, Mr. Canniff, the GHS hockey team opened their season with a well-earned victory against Danvers. The boys made this game a stepping stone to their undefeated record of 12-0-4. Pride filled the hearts of many, but not as much as their coach's for this year the GHS hockey squad presented Mr. Canniff with his 100th win—what a thrilling and memorable game!

Because of their strong sportsmanship and skillful tactics under the leadership of co-captains John DelTorchio and Dick MacNeil, the "Flying Fishermen" gained a berth in the State Tournament. In the tournament, their first round pitted them against Xavier. Despite their natural nervousness, they came back to win the game in the last 35 seconds.

Gloucester's first in a series of shut-outs was the Danvers game in which four different players kept the six-year tradition by defeating Danvers 5-0.

The GHS team, always at its best, was at its greatest against Marblehead. In this great comeback, the players exhibited their qualities of championship.

The Lynn Classical game was a memorable one, especially for John DelTorchio, who scored a "hat-trick plus one." Skating over their opponents throughout the game, Gloucester was victorious 4 to 1!

Retaining the North East Conference crown last year, GHS shut out Swampscott, depending largely upon sophomore Riley's hat trick.

The contributions to the success of the '66-67 team were outstanding—the senior players worked constantly as a spirited team, the underclassmen are remembered for their high scoring and promising playing.

With only two starters, the G.H.S. varsity basketball team faced a long and busy season. Under the leadership of co-captains Mike Wood and Carl Caldeira, and the coaching of Robert Welch, the team tied for third place in the Northeastern Conference.

Good rebounding by Mike MacLeod, Larry Woodman, and Carl Caldeira, outstanding shooting by Tom Middleton, and spirited playing by Mike Wood and Tom Feener and Junior Larry Brown, made the G.H.S. team.

It was a hard season for G.H.S.; and most fans remember the "heart-breaks" that G.H.S. suffered. We'll also remember the distinguished team that the '66-'67 season produced—junior Tom Middleton was second highest scorer of the league, and the remainder of the varsity players were always an outstanding example of good sportsmanship and ability.

SOCCER TEAM

Under the competent guidance of Mr. Davis Wise, a history teacher, Gloucester High School initiated a new sport, soccer. Based on an intramural system, the team played throughout the months of October and November with plans to begin again after the snow clears. Taught by Mr. Wise, himself a soccer player in college, who was helped by Mr. Louis Gaipo, the boys learned the fundamentals and some of the more intricate maneuvers of the game. It is hoped that this program will continue and develop into a regular varsity sport at Gloucester High.

GLOUCESTER VOCATIONAL SCHOOL

Since its founding in 1940, the Gloucester Vocational School has given competent instruction to Gloucester High School boys in the fields of auto repair, carpentry, fisheries, machinery and printing. The boys are also fully equipped to meet the challenge of further training in institutions of higher learning.

Mr. Harold B. Geary is the Director of the Vocational School. Mr. Geary has been a dedicated member of the G.H.S. faculty for forty-five years.

Mr. Geary is assisted by Mrs. Marjorie A. Porcino who is also the School Treasurer.

Mike designs them ...

Joe cuts the paper ...

TO THE GRADUATING CLASS OF 1955:

I extend to you my most sincere congratulations for your original invitation to offer this message to you.

As I traverse the sunset trail and in retrospect weigh the impact of forty-five years of educational service to young people as yourselves, I realize that I have been a very fortunate individual, amassing a fortune of untold wealth in the area of human relations, and I have been happy indeed during this time.

You are starting on the sunrise journey and have reached this location, graduation, a short level above the horizon. Will you continue to go upward till you reach your educational zenith or commence now your chosen service in industry, home or service to others?

Remember, there is dignity in work, and fortune is for you who place yourselves in the hands of trained teachers to be treasured, cut and polished like jewels who then contribute to the lustre of our working economy.

I do wish each of you to hope that your individual contribution to our society is worthwhile and the joys of life will outweigh your sorrows. May happiness be yours in carrying to fruition a worthwhile goal chosen by you. However, effort on your part is absolutely necessary to accomplish this. Be brave and tenacious as you will discover success is never easily attainable.

Sincerely yours,
Harold B. Geary

AUTOMOTIVE SHOP

The boys in the automotive shop are given valuable training in this field under the direction of Mr. John Budrow. Before the completion of the course Mr. Budrow teaches the boys how to repair transmissions, steering gears, clutches, brakes, and rear axles.

In the related subjects the boys are under the direction of Mr. Leo Amero. These students leave Gloucester High School well equipped to enter into a mechanic's shop.

I think someone stole the motor!

We know what it is, but where does it go?

Anybody got a match?

This is a job for Superman

This will be a house someday.

This is the sill that Jack built.

CARPENTRY SHOP

Students in the carpentry shop are instructed in the skills of woodworking and in the proper use of machines and materials involved in building construction. Under the guidance of Mr. Gasper Lewis the boys learn about planning, framing, boarding, and finishing. This valuable training enables the students to build a house within the school year.

In related courses the boys are taught the planning of construction details and estimating of building costs by Mr. Kenneth Stickney. Practice in this field prepares these boys for the eventual operation of a contracting firm.

Who turned the machine on?

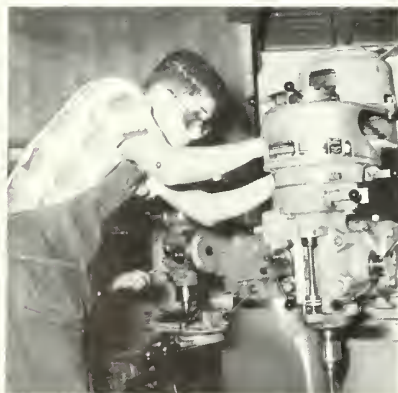

This group has 90% more cavities.

Besides making pizzas, Mike can draw them too.

We knew it would come out someplace.

Could Joe be making coffee for mug-up?

MACHINE SHOP

Under the direction of Mr. Horace Gibran the members of the machines shop receive the knowledge and experience of operating the machines and using the tools used in making machine parts, tools, dies, instruments, and all other objects which are made out of metal. These boys are responsible for the repairing of different machines which break down in the school and much of the sporting equipment.

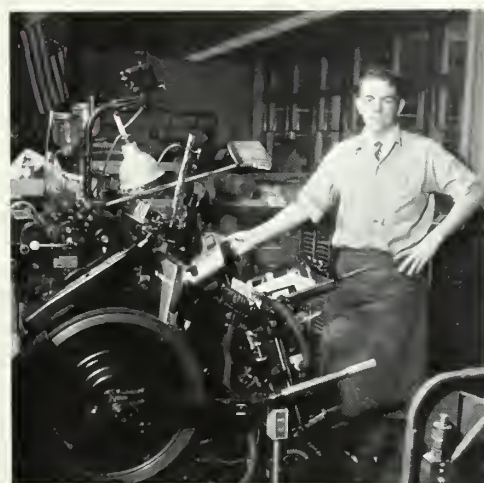

In related course the boys, under the direction of Mr. George Perry, learn the theory behind the machines, the use, and the work they do. They also learn how to perform the math concerned with problems they will face in industry and how to read blueprints and draw actual parts. The boys in the machine shop this year, have organized a club which enables the boys to go on field trips to such places as the Sylvania Co., The General Electric Plant in Lynn, United Shoe, and many other industries to see jobs worked on which they might not be able to do in the shop. This also allows the boys to ask questions about the jobs worked on and about possible employment there after graduation. After completion of this course the boys are able to go into a machine shop and run and setup, with precision, machines such as: lathes, milling machines, grinders, shapers, planers, and drill presses.

Do I know you?

Never thought I'd finish did you?

You want it? it's yours!

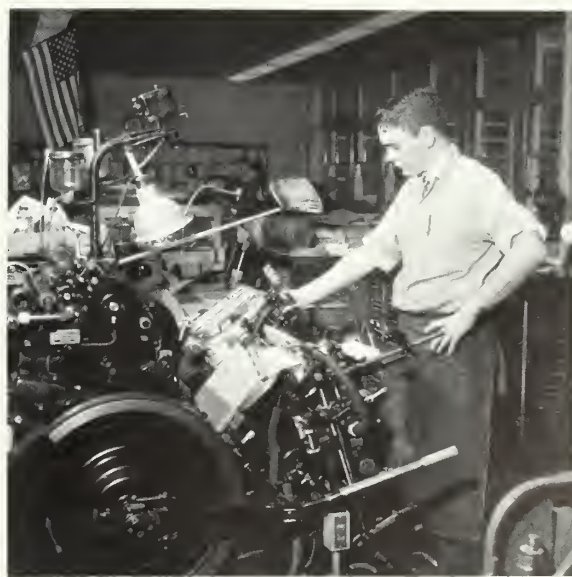

Ben, don't fall asleep.

PRINT SHOP

Under the leadership of Mr. Harvey Vail the boys in the print shop are taught all the fundamentals of printing, including hand and machine composition, hand and automatic platen press work, automatic cylinder press work, offset press work and platemaking. In the bindery they operate a power paper cutter, stitch-machine, drilling machine and plastic binding machine.

In related subjects Mr. Vail teaches the boys Printers' English, layout and design, Printers' Mathematics, and trade science. After the completion of this course the boys can be placed into the printing industry and be capable of setting up and running mostly any machine.

The print shop has organized a club under the direction of Mr. Vail. The club is the Ben Franklin Club. Any boy in the print shop with a B average or better is allowed in the club. The club raises money throughout the year, and gives a scholarship to one of the senior members.

Z-Z-Z-Z-Z-Z

Don't work too hard!

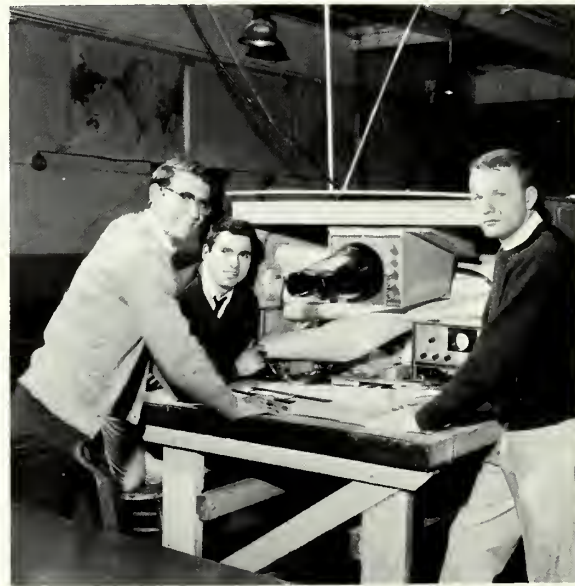

Don't worry, we won't!

FISHERIES AND VESSEL MANAGEMENT SHOP

Under the direction of Mr. Carlo Sinagra, the boys of the fisheries shop are trained for a career in the Gloucester fishing industry. The boys are taught seamanship, marine engineering, marine electronics, vessel management, and other fundamentals of modern fishing. In addition to work in school the boys receive on-the-job training on Gloucester fishing vessels.

MEN AT WORK !

There is a tide in the affairs of men,
Which, taken at the flood, leads on to fortune;
Omitted, all the voyage of their life
Is bound in shallows, and in miseries:
And we must take the current when it serves,
Or lose our ventures.

NATIONAL HONOR SOCIETY

The Sherman B. Ruth Chapter of the National Honor Society aims to stimulate an enthusiasm for scholarship, to create a desire to render service, to promote worthy leadership, and to encourage the development of character in the pupils of Gloucester High School. Each year the chapter awards a scholarship to a member planning to continue his education beyond high school. In the area of school service, the chapter sponsors the Exhibit of the Week from the Boston Museum of Fine Arts, maintains a stamp machine in the school office, and supplies school guides for special functions. The chapter also engages in fund raising activities. During the year, outstanding speakers present programs at special chapter meetings. Miss Claudia Perry is the Chapter's sponsor.

STEVEN BOOK REVIEWERS

Each month the Stevens Book Reviewers meet to discuss current literature and cover materials with a broader range than is covered in the classroom. In the spring they hold a public review in the Fellows Library to raise money for the purchase of new books for the library. Mrs. Ann Liebman is the club's sponsor.

FLASH STAFF

The *Flash*, the Gloucester High Newspaper, is printed regularly in the Gloucester Daily Times. These students, under the leadership of Miss Carolyn Amero, learn the process of printing a paper. The *Flash* has won literary prizes and should be congratulated for bringing the Gloucester High News to the city of Gloucester.

BEACON STAFF

The *Beacon* is the school's literary magazine. Through its stories, poems, and articles, the students share their insights into their world. For its excellence the *Beacon* has won highest awards from the New England Scholastic Press Association. Miss Charlotte Taylor and Mr. Morton Sparer are the *Beacon* sponsors.

STUDENT COUNCIL

The Student Council of Gloucester High School, under the supervision of Mr. John Carter, aims to promote understanding between the faculty and students. During the year, committees from the Council meet with representatives of the administration to discuss problems that pertain to the student body. The Council members include class officers, cadet colonel, and representatives from all classes and the Vocational School. If various clubs and classes wish to sponsor social activities, the Student Council helps to coordinate the activities.

JUNIOR ROTARIANS

Senior boys are chosen by the faculty to attend the weekly meetings of the Gloucester Rotary Club. As Junior Rotarians, they are given the opportunity to meet and converse with Rotarians. From left to right, Donald Landergan, Darryl Clark, Alfred Bolcome, George Capillo, Jay Keefe, Mike Wood, and Loring Cook.

MATH LEAGUE

The Math League, under the direction of Mr. John Sperry, enables students of Gloucester High School to show their mathematical ability. Each month this club competes with other high schools of this area. The Math League is certainly an organization of which Gloucester High is proud.

FRENCH CLUB

Under the supervision of Mrs. Doris B. Baer, the French Club holds monthly meetings. As the meetings are held in French, the members must utilize their knowledge of the language. At the end of the year, the club supplies the annual French II, III, and IV Book Prizes.

SPANISH CLUB

The purpose of the Spanish Club is to stimulate interest in the language, literature, arts and customs of Spain and the Hispano-American countries. Its aim is also to promote the use of conversational Spanish among the members.

The club, sponsored by Miss Mildred Frostholt, meets once a month. The meetings are conducted in Spanish and offer varied programs.

BETA BETA BIOLOGY CLUB

During the school year, the Beta Beta Biology Club presents lectures and programs of special interest to students interested in the biological sciences. Annually they take a trip to an institution such as Danvers State and Wrentham School for the retarded. Mrs. Myrtle Wardrup is the club's sponsor.

JUNIOR VOLUNTEERS

These girls, under the sponsorship of the Women's Auxiliary of the Addison Gilbert Hospital, spend their afternoons taking the Gift Shop Wagon around to all the rooms. They also serve as runners, delivering mail, flowers, newspapers, and other various errands. Mrs. Wardrup is the High School coordinator.

AMERICAN FIELD SERVICE

The Gloucester Chapter of the American Field Service organization's motto is "Walk together, talk together, O ye peoples of the earth; then and only then shall ye have peace."

Now in the ninth year at G.H.S. this organization has made it possible to bring foreign exchange students here and to send our students abroad.

The American Field Service was founded by Mr. A. Piatt Andrew, a distinguished Congressman from Gloucester.

The A. Piatt Andrew Bridge was erected across the Annisquam River as a symbolic tribute to a gentle and good man who devoted much of his life to building bridges of understanding among the peoples of the world.

ORCHESTRA

The students participating in the Gloucester High School orchestra are an asset to our school. They have proved their ability and have shown an interest in the field of music. Under the direction of Mr. Puff, they compete in musical competitions and festivals during the year.

HONOR BUSINESS CLUB

The purpose of the Honor Business Club, under the direction of Miss Verna Carbone and Mr. Alge Vaitones, is to recognize honor business students and develop business leadership. In order to be admitted, a student must carry at least two business subjects and maintain a minimum average of eighty percent. In order to raise money for various projects, the club sells book covers and portfolios to the students of Gloucester High School. The Honor Business Club sponsors a typewriting contest during the school year and gives awards to outstanding business students in the graduating class.

STUDENT SECRETARIES

By typing masters, duplicating, filing, mimeographing, and other duties, the students in the senior class from the business education department offers their services to teachers. The students are under the supervision of Mrs. Shirley M. LaFrance. While helping the teachers, they also gain valuable experience which will help them after graduation.

NATIONAL THESPIAN SOCIETY

Townswomen in "Dark of the Moon"

THESPIANS

Students of GHS who are interested in dramatics find the National Thespian Society a fine means for expressing their acting and design ability. Through hard work and diligence, the club presents very successful productions at least twice a year. The Thespians are under the able direction of Miss Nancy Webber.

DARK OF THE MOON

"On Top of Old Smokey"

A CAPPELLA CHOIR

The A Capella Choir under the direction of Miss Eleanor F. Moore is an advanced group of singers. Members of this group are selected for their tone quality, ability to harmonize, and ability to sing unaccompanied. Members of the A Capella Choir are chosen as soloists for the Glee Club productions.

GLEE CLUB

The Glee Club is under the direction of Miss Eleanor F. Moore. Membership in this organization is both selective and elective. It is open to sophomore, junior, and senior boys and girls who have a serious interest in music. This group presents an interesting Christmas program at Assembly and a spring program.

BOYS' LEADERS CLUB

The Boys' Leaders Club is under the supervision of Mr. Robert Delisle. The boys are chosen because of their leadership qualities, their ability to perform physical exercises and their wish to keep physically fit. These members give up their studies to help supervise freshman classes. They are also in charge of equipment and locker room maintenance.

GIRLS' LEADERS CLUB

Outstanding gym students are selected for the Girls' Leaders Club, which is under the supervision of Miss Maryellen Flannagan. The girls help with the gym program and keep themselves physically fit at the same time.

RIFLE TEAM

Good marksmanship, good sportsmanship and safe handling of fire arms are all traits of the Girls' Rifle Team. The club is under the supervision of Sgt. F. C. Cronin. The members compete against various high school teams of New England.

Ready! Aim! Fire!

CHESS CLUB

The Chess Club holds regular weekly meetings. In addition to these meetings, the club sends entrants to the Massachusetts State High School Individual Chess Championship. They also sponsor the G.H.S. Summer Chess League, the G.H.S. Annual Thanksgiving Chess Tourney, and the Northeast Massachusetts High School Chess Festival. The G.H.S. Chessmen are the undisputed champions of the North East Chess League for the second straight year and Sandy Parco, the club president, set a potential North East Massachusetts Chess League record with sixteen wins.

STAGE CREW

The members of the Stage Crew give a generous amount of their time and energy to meet the stage and classroom audio-visual needs of the school. Mr. Donald McPhail, the stage director, and the members work behind the scenes to make assemblies and other productions a success, while Mr. Martins, the audio-visual coordinator, and members see to it that teachers make maximum use of audio-visual equipment and materials.

G.H.S.

Connect part 3-C to part 1-A.

Go ahead, Smile.

Double exposure.

And then do you know what she said?

All right, this time play in tune.

A hearty meal.

SNAPSHOTS

How sweet it is!

No publicity, please.

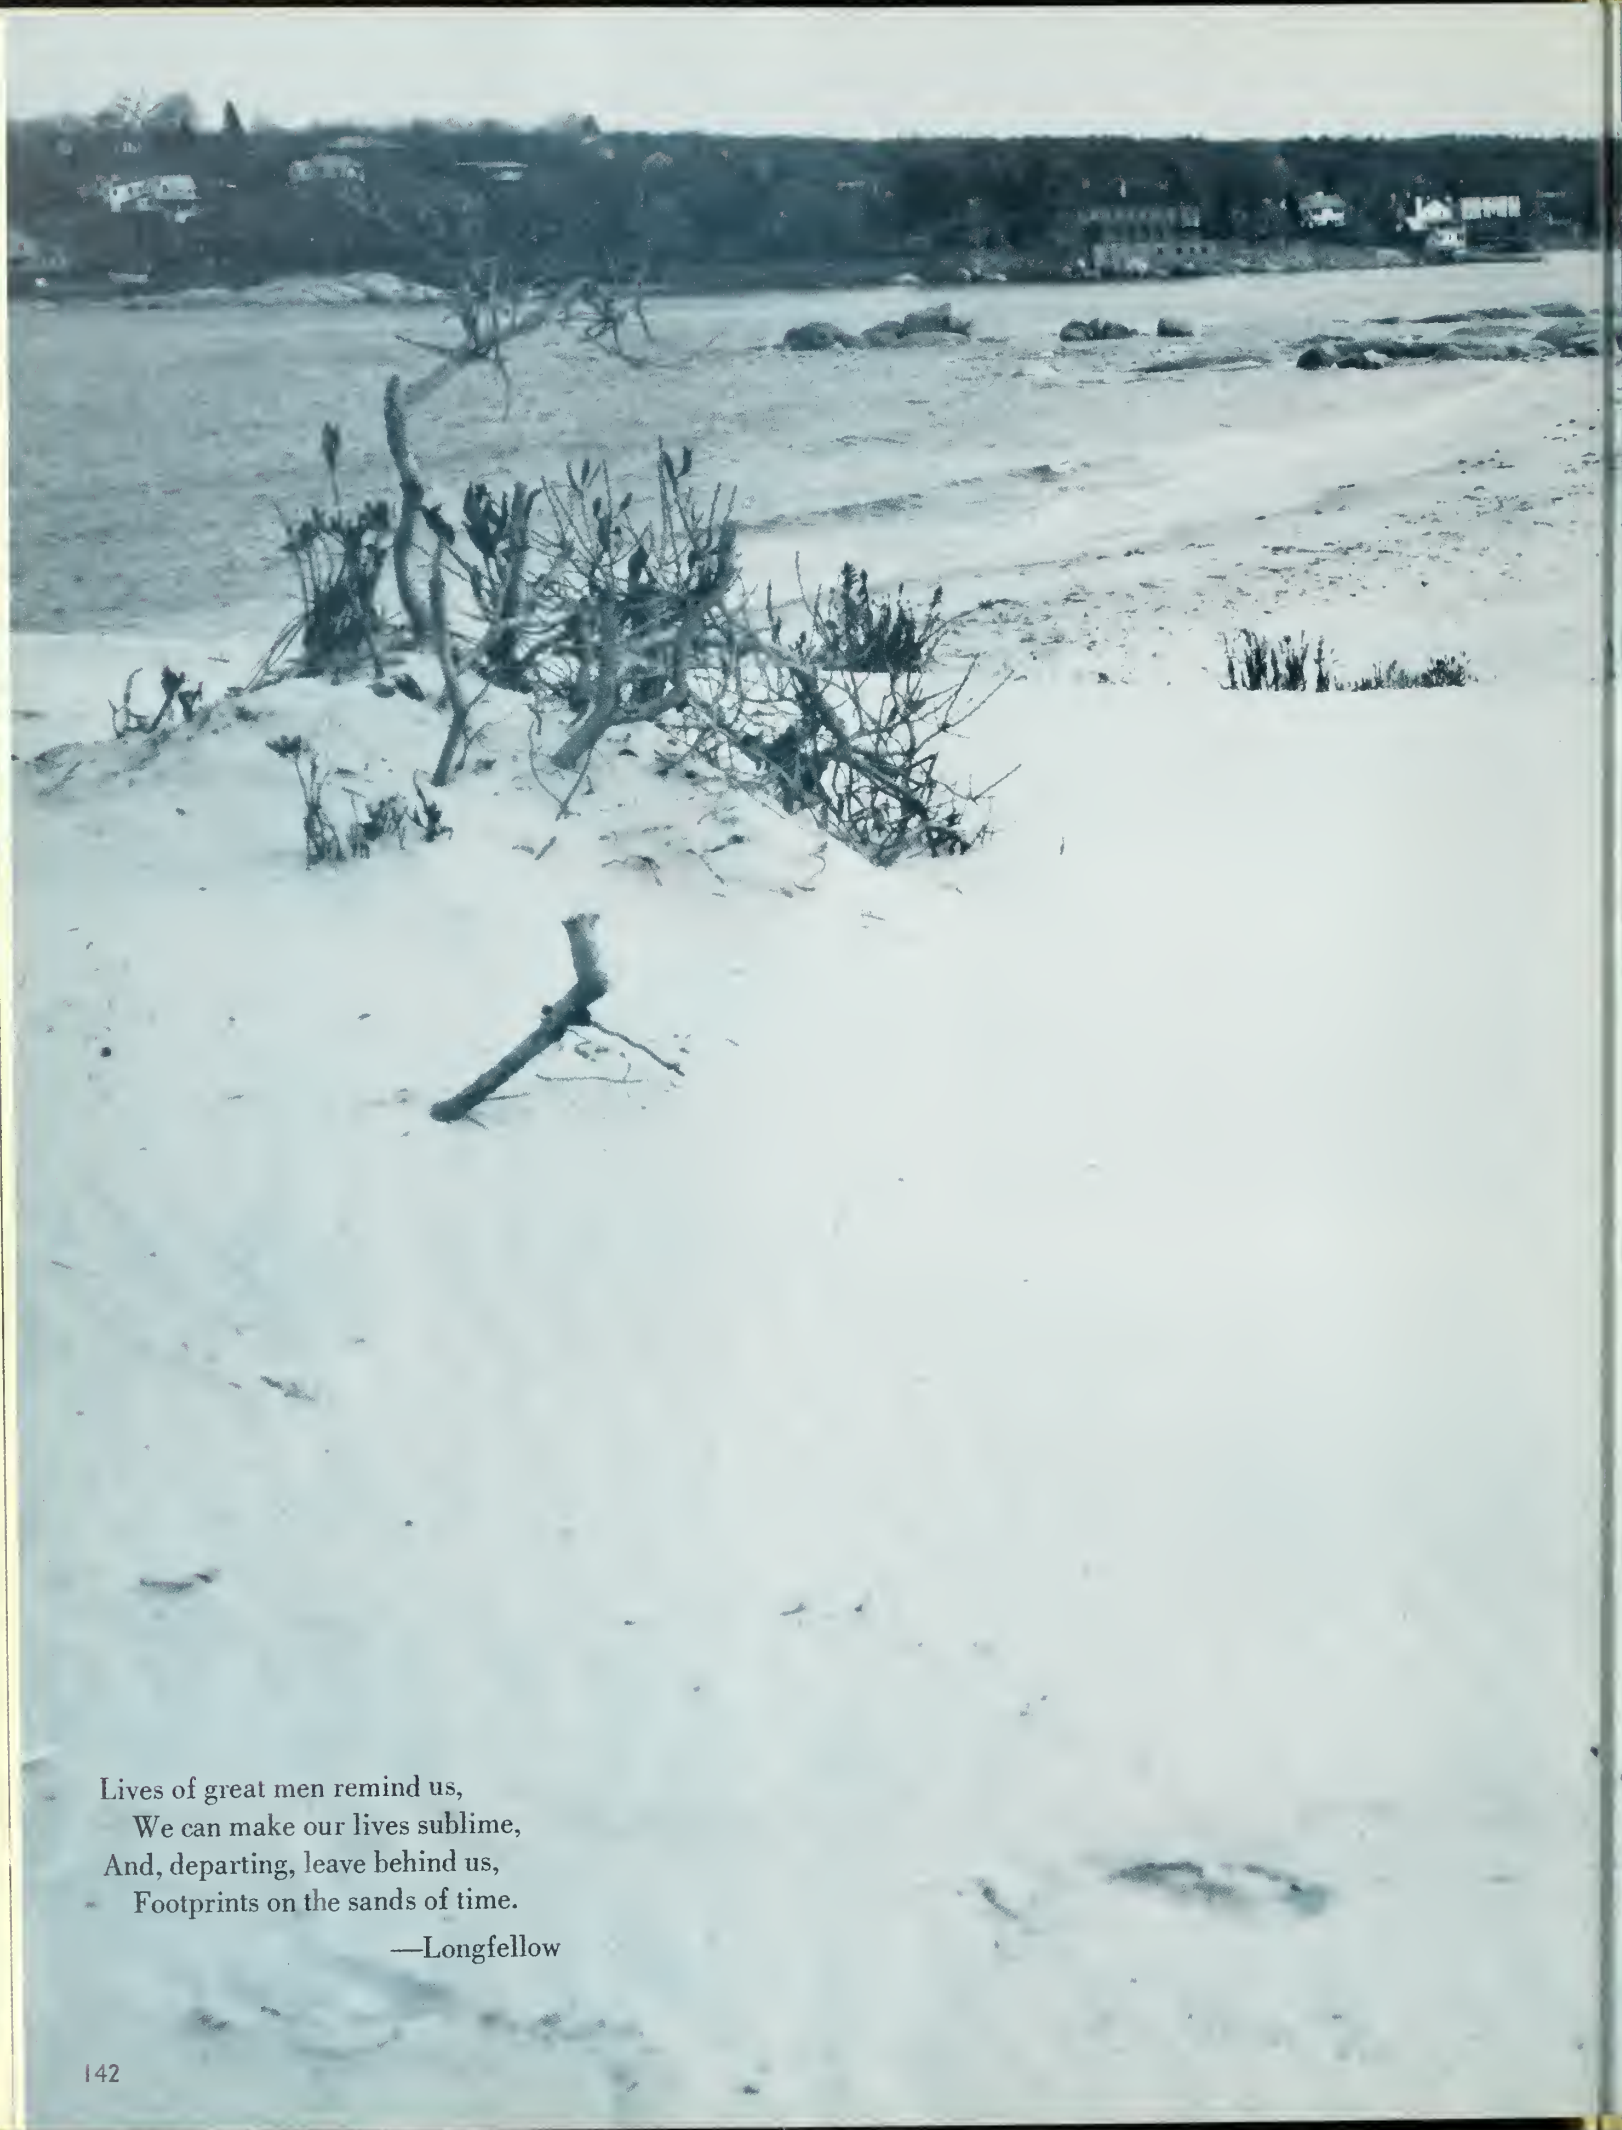

School's over, Nancy. Everybody's gone.

Betcha can't eat just one ...

Aw please, Miss Beebe.

Lives of great men remind us,
We can make our lives sublime,
And, departing, leave behind us,
Footprints on the sands of time.

MAJOR CHANCE

Under the able command of Major Frank T. Chance the R.O.T.C. brigade has progressed to become the most active and the sharpest-looking unit ever at G.H.S. All cadets are instructed in military policy, history, organization, and training and participate in two drill periods a week. In the spring, fatigue uniforms are issued for physical training. The R.O.T.C. upholds a long tradition at Gloucester High School.

I am. I can
I say except
I wish the best in everything
for you (including (the) you deserve
him after shaking him for so long!
May we continue to go out
with the two sweetest boys
we know and keep smiling
there are better days ahead!
Always
Susan
